**Vehicles destined for EEA.** The models listed above are destined for the European Economic Area ("EEA") market. Volvo Cars does not guarantee the compatibility of these models with any rules or regulations applicable outside the EEA. If you export these models outside of the EEA or if you request us to do so for you, such export will take place at your own risk.

**Export of vehicles.** Export outside of the country of purchase in any event occurs at your risk and cost. The prices listed above are exclusive of freight charges, taxes, licenses and any other documentation related to the export of your vehicle outside of the country of purchase. In case of export, the dealer will request you to deposit the amount of VAT applicable in the country of purchase as a guarantee. The dealer will reimburse the relevant amount to you upon receipt of (i) proof that you are exempted from VAT in the country where the vehicle is registered, or (ii) proof that VAT has been paid in the country where the vehicle is registered.

**(1) Prices.** A delivery fee of € 250 (excl. VAT) will be added to the prices listed above for vehicles supplied in the Grand Duchy of Luxembourg. The above-listed prices are furthermore exclusive of dealer preparation fees. Therefore, additional charges may be applied at your delivery point. Finally, you will be responsible for the payment of VAT (as applicable in the country of first registration of your vehicle) and any other taxes, as well as any registration and similar fees, all to the extent applicable. For ease of reference, VAT as currently applicable in Belgium and the Grand Duchy of Luxembourg are listed above.

The Volvo V60 has been approved in accordance with the World Harmonised Light Vehicle Test Procedure (WLTP), a new and more realistic test procedure for measuring the fuel consumption and CO<sub>2</sub> emissions of the car. The WLTP replaces the New European Driving Cycle test procedure, "NEDC", and takes account of the options and certain accessories in the car which have an impact on the weight and aerodynamics of the vehicle. Owing to the more realistic test conditions, the fuel consumption and CO<sub>2</sub> emissions measured in accordance with the WLTP are in many cases higher than those measured using the NEDC.

## ESSENTIAL STANDARD EQUIPMENT

### ESSENTIAL

	Design	List price € excl. VAT	List price € incl. VAT BE	List price € incl. VAT LU	T6 AWD	T8 AWD	B3 petrol	B4 petrol	B4 diesel
V60 Essential equipment. Base or Bright design depending on the engine.	Bright	<b>0,00</b>	0	0	S	–	–	–	–
	Base	<b>0,00</b>	0	0	–	–	S	–	S

S = Standard | – = Not available

#### SAFETY

Stability and traction control: Electronic Stability Control (ESC) including Active Yaw Control, Understeer Control Logic, Advanced Stability Control, Roll Stability Control, Driver Steering Recommendation, Sport Mode, Dynamic Torque Vectoring, Trailer Stability Assist (combined with the tow bar) and Hill Descent Control (with All Wheel Drive only) | Traction Control (TC) including Corner Traction Control with Torque Vectoring | Spin Control including Engine Drag Control.

Lane Keeping Aid: helps the driver to stay in lane (active from 65 km/h), including Run-off Road Mitigation: helps prevent the vehicle from running off the road, with steering aid and braking intervention (active between 65 and 140 km/h)

Oncoming Lane Mitigation: helps the driver to avoid collisions with vehicles coming in the opposite direction by automatically adjusting the steering & Oncoming Mitigation by Braking: automatic braking system attenuating the impact of a head-on collision

City Safety system: helps the driver to avoid or attenuate collisions with other vehicles (including those coming in the opposite direction at crossroads), cyclists, pedestrians and large animals (active up to a speed difference of 50 km/h, day and night), including automatic steering assistance (Steer Assist system active between 50 and 100 km/h) and active braking intervention

Driver Alert Control (DAC): system that detects and warns of tiredness

Intelligent Speed Assist (ISA) and Driver Drowsiness & Attention Warning (DDAW)

Connected Safety technology including Slippery Road Alert and Hazard Light Alert

Automatic braking after a collision

Indirect Tyre Pressure Monitoring System (ITPMS)

Ultra-resistant structure of vehicle interior and roof in boron steel

Collapsible steering column

Height-adjustable seat belts in front and with pre-tensioners and load limiters front and rear

Run-off Road Protection: protection if the vehicle leaves the road, with path correction (Run-off Road Mitigation), including energy-absorbing front seat cushions

Front airbags, SIPS® side airbags and inflatable curtains

WHIPS® (Whiplash Injury Protection System): provides protection against injuries due to whiplash thanks to specific energy-absorbing backrests and seats and head restraints integrated into the front seats

Brake Pedal Release: automatic release of brake pedal, by means of a pyrotechnic device, in the event of an accident to attenuate injuries to feet, legs and back

Emergency brake lights

Power-operated child safety lock on rear doors

Isofix anchorages for the outer positions of the rear seat

Front passenger airbag cut-off switch

#### DRIVER ASSISTANCE

Rear Park Assist with auto brake function

Cruise control with speed limiter (not with option 132)

Advanced Driver Assist System (ADAS) sensor platform

Road Sign Information (RSI) with Speed Limiter: display of road sign information with excess speed warning and automatic speed limiter

Ready to Drive notification: inform the driver via a sound and a visual notification if its car is still standing still even though the other car in front has moved a certain distance or exceeded a certain speed

Drive Modes: up to 4 modes (Comfort for mild hybrids, Hybrid/Pure/AWD/Power for plug-in hybrids and Hybrid/Pure/AWD/Polestar for Polestar Engineered) with different parameters for the use of the combustion and/or electrical engine, throttle response, automatic gearbox, start/stop function, optional all-wheel drive, assisted steering, brakes, climate control and optional adaptive cruise control

#### MULTIMEDIA & CONNECTIVITY

12,3" driver information display with two display modes : Calm and Navi

9" center display with touchscreen to control most of the functions

Infotainment system with Digital Services | 4 years subscription included to enjoy the different services:

- Google Maps: navigation and public charging stations locator directly on the centre display
- Google Assistant: speech and planning of route with "Hey, Google"
- Google Play Store: entertainment with access to a wide range of existing and coming in-car apps such as Spotify®
- remote functions via the Volvo Cars app
- data for the above services

Apple CarPlay®: access to third developers apps such as Waze® and WhatsApp®

OTA: Over The Air updates for the car

Wireless charging for smartphone in the central tunnel (electromagnetic induction technology only) (not on T6/T8 AWD)

Integrated assistance service with E-Call function and SOS assistance service for emergencies

Volvo Cars services for roadside assistance via Volvo Assistance | 3 years subscription included

High Performance audio system with RDS radio, Internet radio, 10 speakers (4 tweeters, 2 mid-range and 4 woofers) and 220 W amplifier

DAB+ (Digital Audio Broadcasting)

4 USB-C connections: 2 in the central console and 2 at the rear of the tunnel console

Bluetooth® hands-free telephone system and audio streaming

Controls integrated into steering wheel for driver display, cruise control, audio, telephone, optional navigation system and voice commands

#### PERSONAL SAFETY AND CONVENIENCE

Keyless Start: starts the engine without a key

Electric parking brake with Auto Hold (automatic brake at a standstill) and Hill Start Assist (assistance to start on a hill or slope) functions

OR

#### BASE DESIGN

for B3 petrol and B4 diesel

#### BRIGHT DESIGN

for T6 AWD

## ESSENTIAL STANDARD EQUIPMENT

External and internal approach lighting, turned on when the vehicle is unlocked
Follow Me Home safety lighting
Remote-controlled central locking, automatic door locking > 7 km/h (to be activated from the menu) and automatic unlocking after a collision
Comfort closing: simultaneous locking/unlocking and closing/opening of all the doors and windows, as well as the optional sunroof
Immobiliser
Two remote controls, including one "Care Key" which allows you to set a lower maximal speed (<180 km/h)
Tyre repair kit
<b>CLIMATE CONTROL</b>
Two-zone electric automatic climate control system with air vents at the rear, humidity sensor, air recirculation function and pollen filter
Pre-ventilation and post-climatisation function for the interior of the vehicle when the engine is switched off
Clean Zone: IAQS (Interior Air Quality System) to improve air quality inside the vehicle, with active filter
Front and rear wipers blades with integrated washers ("Aquablades")
Rain sensor with adjustable sensitivity level
<b>VERSATILITY</b>
Ticket holder on driver's side of the windscreen
Flat load floor with rear seat backrest folded down
Luggage cover with load position function
Storage space beneath luggage compartment floor, with cargo dividers
Four folding load retainer eyelets in luggage compartment
Aluminium load sill protection
<b>INTERIOR</b>
Manually operated Comfort front seats with fixed lumbar support, power-operated height adjustment and seat cushion incline adjustment
City Weave textile upholstery
Rear seat with folding two-split 60/40 backrest and central armrest with load hatch for long objects
Folding rear head restraints
Aluminium front door sill moulding with Volvo logo
Textile floor mats at front and rear
Interior lighting Plus, including dimmed lighting at front and floor lights at front
Illuminated vanity mirrors at front
Height- and depth-adjustable steering wheel with Silk Metal inlay
Inner rear-view mirror with manual dimming
Active Noise Control with EOE (Engine Order Enhancement) (only on mild hybrid petrol engines)
<b>EXTERIOR</b>
LED headlights with integrated T-shaped daytime running lights, automatic level adjustment, Active High Beam and automatic headlights
LED rear lights
17" wheels (mild hybrids)
18" wheels (plug-in hybrids)
Dynamic chassis
Power retractable, heated outer rear-view mirrors with colour coordinated cap and integrated LED indicator
Roof spoiler

## T6/T8 AWD PLUG-IN HYBRIDS ADDITIONAL STANDARD EQUIPMENT

<b>RECHARGE</b>
Preconditioning to cool/heat the cabin to comfort temperature
Predictive Efficiency: function that optimises the use of the electric engine and the battery capacity based on the destination entered
One Pedal Drive: possibility to use only one pedal to accelerate or brake - just by lifting the pedal the driver can, on a short distance, slow the car all the way to standstill not having to use the brake pedal
Acoustic Vehicle Alerting System (AVAS) at slow speed
Glossy black finish of the tunnel console
Aluminium front door sill moulding with Recharge logo (not on Polestar Engineered)
Air-ventilated subwoofer
Active Noise Control with EOE (Engine Order Enhancement) and EOR (Engine Order Reduction)
10A charging cable with Schuko socket (for domestic use), length 7 m
Recharge AWD emblem at rear (not on Polestar Engineered)

18" alloy wheels (mild hybrids)
Driver Assistance: consists of Adaptive Cruise Control, Pilot Assist and Emergency Stop Assist. Pilot Assist enables empowered driving on motorways and roads with side ground marking up to a speed of 130 km/h. It supports you to comfortably follow the traffic flow and can provide pleasant steering support to keep the car centered in its lane. Emergency Stop Assist can bring the vehicle to a complete stop in lane in situations where the driver is not responding to hands-off warnings.
Driver Awareness: advanced safety alert and intervention system, including BLIS (Blind Spot Information System with steering assistance), Rear Collision Warning with automatic emergency braking and Cross Traffic Alert (detection of vehicles coming from the side when reversing)
Moritz leather upholstery
Power-operated front passenger seat
Power-operated driver seat with memory function for seat position and outer rear-view mirrors position (incl. automatic angling during parking)
Power-operated four-way lumbar support in front seats
Memory function for front passenger seat position
Front seats with seat cushion extension and additional adjustment of the inclination for passenger seat cushion (manual extension in combination with manual seat(s), motorized in combination with electric seat(s))
Full LED directional headlights with adaptive automatic main beam (Active High Beam II)
LED front fog lights (not available on T6/T8 AWD)
High-pressure headlight washers
Interior lighting Pro (very generous amount of interior lighting including dimmed lighting at front and rear)

### DIMENSIONS

#### EXTERIOR

Length x width x height (empty) on B3/B4	477,8 x 185,0 x 143,7 cm
Length x width x height (empty) on T6/T8 AWD	477,8 x 185,0 x 143,0 cm
Wheelbase	287,2 cm
Front track with 17" / 18"-19" / 20"	160,3 / 160,0 / 159,3 cm
Rear track with 17" / 18"-19" / 20"	160,3 / 160,0 / 159,3 cm
Turning circle between curbs with 17" / 18"-19" / 20"	11,0 / 11,3 / 11,7 m
Ground clearance (driver included) / Forging depth on B3/B4	14,2 / 25,0 cm
Ground clearance (driver included) / Forging depth on T6/T8 AWD	13,8 / 25,0 cm

#### INTERIOR

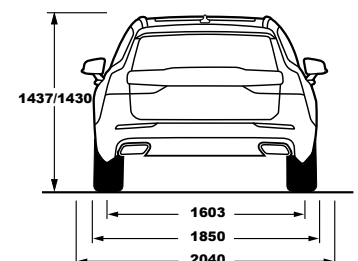

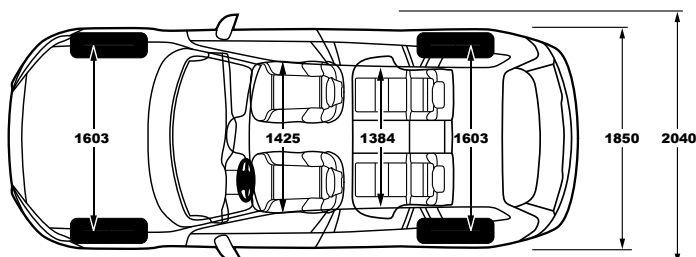

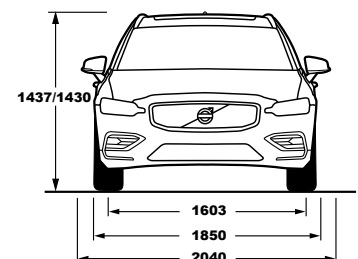

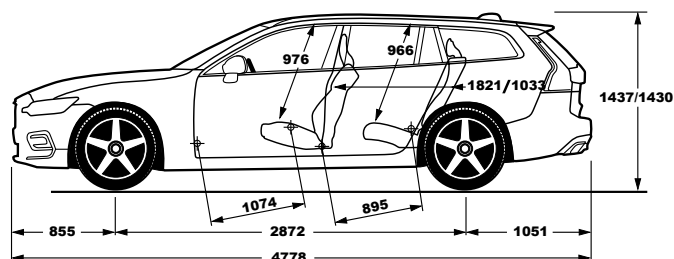

Headroom with sunroof front/rear	94,9 cm / 96,7 cm
Headroom without sunroof front/rear	97,6 cm / 96,6 cm
Shoulder room front/rear	142,5 / 138,4 cm
Leg room front/rear	107,4 / 89,5 cm
Min./max. length luggage compartment rear seats-tailgate	81,5 / 103,3 cm
Min./max. length luggage compartment front seats-tailgate	169,4 / 182,1 cm
Height luggage compartment	73,1 cm
Lifting height	61,1 cm
Width luggage compartment between wheel arches	103,8 cm
Min./Max. width tailgate opening	88,8 / 111,0 cm

\* Consumption and emission trials conducted in conditions monitored by a test body approved in accordance with the World Harmonised Light Vehicle Test Procedure ("WLTP") (EURO 6d) emissions standard), a more realistic procedure for measuring the fuel consumption and CO<sub>2</sub> emissions of the car. The WLTP replaces the New European Driving Cycle test procedure, "NEDC", and takes account of the options and certain accessories in the car which have an impact on the weight and aerodynamics of the vehicle. In addition to fuel efficiency, driving behaviour and other non-technical factors can also result in higher fuel consumption and CO<sub>2</sub> emissions from the car in practice. The CO<sub>2</sub> emissions are displayed within a range of values with the lowest possible value and the highest possible value depending on the options and accessories chosen, that is standard equipment (the lowest) compared with full-option equipment (the highest).

ENGINE	B3	B4	B4

**SPECIFIC WARRANTY  
VOLVO RECHARGE:**

426V batterie warranty: the batteries undergo normal wear depending on age and use. If the battery capacity falls below 65% of the original state within 5 years or 100.000 km (whichever is reached first) and below 55% between 5-8 years or 100.000-160.000 km (whichever is reached first), the battery will be replaced under guarantee.

# V O L V O

Some of the information in this brochure may be incorrect due to changes to the product specifications introduced after the brochure was published, in particular CO<sub>2</sub> emissions and fuel consumption figures. Volvo Car Belux reserves the right to make changes to the prices, colours, materials, specifications and models at any time without prior notice. The images shown are for information purposes only and may differ from the actual product. Certain equipment, options or accessories described or shown are available at an additional cost. All list prices in this brochure are recommended resale prices. VAT applicable is 21% for Belgium and 16% for the Grand Duchy of Luxembourg. Ask your Volvo distributor for the latest information before ordering.

The prices for accessories always include fitting (unless otherwise specified) and (where applicable) Recupel (for Belgium) or Ecotrel (for the Grand Duchy of Luxembourg). Recommended prices for wheel kits (composed of 4 complete wheels with rims and tyres) always include environmental contribution (Recytyre for Belgium), but without fitting and software update (if needed).

Further information, specifications and conditions relating to our Volvo Car Extended Services is available in Dutch and French and can be found at [volvocars.be/extendedservices-nl](http://volvocars.be/extendedservices-nl), [volvocars.be/extendedservices-fr](http://volvocars.be/extendedservices-fr) or [volvocars.lu/extendedservices](http://volvocars.lu/extendedservices).

The price of the car includes access to the following digital services for a period of 4 years after the start of the data subscription: Google Assistant, Google Maps, Google Play Store, the Volvo Cars app remote functions and data for the above services. After that period a paid prolongment or renewal will be suggested.

Environmental information [Royal Decree 19/03/2004]: all self-respecting Volvo drivers put safety first.
