**Vehicles destined for EEA.** The models listed above are destined for the European Economic Area ('EEA') market. Volvo Cars does not guarantee the compatibility of these models with any rules or regulations applicable outside the EEA. If you export these models outside of the EEA or if you request us to do so for you, such export will take place at your own risk.

**Export of vehicles.** Export outside of the country of purchase in any event occurs at your risk and cost. The prices listed above are exclusive of freight charges, taxes, licenses and any other documentation related to the export of your vehicle outside of the country of purchase. In case of export, the dealer will request you to deposit the amount of VAT applicable in the country of purchase as a guarantee. The dealer will reimburse the relevant amount to you upon receipt of (i) proof that you are exempted from VAT in the country where the vehicle is registered, or (ii) proof that VAT has been paid in the country where the vehicle is registered.

**(1) Prices.** A delivery fee of € 250 (excl. VAT) will be added to the prices listed above for vehicles supplied in the Grand Duchy of Luxembourg. The above-listed prices are furthermore exclusive of dealer preparation fees. Therefore, additional charges may be applied at your delivery point. Finally, you will be responsible for the payment of VAT (as applicable in the country of first registration of your vehicle) and any other taxes, as well as any registration and similar fees, all to the extent applicable. For ease of reference, VAT as currently applicable in Belgium and the Grand Duchy of Luxembourg are listed above.

**MAINTENANCE AND  
REPLACEMENT OF  
WEAR & TEAR PARTS\*  
5 YEARS OR 150.000 KM  
(whichever comes first)**

**FACTORY WARRANTY  
ON YOUR VOLVO  
3 YEARS OR 100.000 KM  
(whichever comes first)**

**FACTORY WARRANTY  
ON HIGH VOLTAGE  
BATTERY\*\*  
8 YEARS OR 160.000 KM  
(whichever comes first)**

\* The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' applies to the vehicle specified above, and for a period of **5 years from the date of delivery or 150.000 km** (whichever comes first). The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' covers **periodic maintenance services, every 24 months or every 30.000 km** (whichever comes first), and **includes replacement of the wear and tear parts listed below.**

- Volvo Car Genuine Service at scheduled service intervals
- health check
- air filter replacement
- tyre sealant replacement in accordance with the prescribed interval
- cleaning of the sensors and cameras for the safety systems under the windscreen
- software updates
- **Includes** replacement of the following wear and tear parts: brake pads and discs (when required) and windscreen wiper blades (1x per year).
- **Excludes** replacement of wear and tear parts not explicitly mentioned above.

For more information about the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric', see page 25 of this price list.

\*\* The batteries undergo normal wear depending on age and use. If the battery capacity falls below 70% of the original state within 8 years from the date of delivery or 160.000 km (whichever is reached first), the battery will be replaced under guarantee.

---

## STANDARD EQUIPMENT CORE

---

---

### SAFE SPACE TECHNOLOGY

Advanced radar and camera platform: 5 radars, 1 in each corner of the car and 1 in the front bumper, as well as 1 front camera

Advanced safety alert and intervention system, including:

- Blind Spot Information System with steering assistance (BLIS)
- Door opening alert when cars, pedestrians, cyclists scooters or motorcycles approach from behind
- Rear Collision Warning with rear hazard warning lights activation, and automatic emergency braking if the car is at a standstill
- Front and Rear Cross Traffic Alert: detection of vehicles coming from the side when driving forward or reversing

Intersection Autobrake function that can intervene if there is a risk of collision. When the driver is about to make a left turn in an intersection with oncoming traffic, the car can brake automatically to help avoid an impact. This function can also support in straight crossings with traffic coming from the sides

Collision Avoidance & Mitigation by Braking and Steering: the car's radars and front camera keep a constant track on vehicles, motorcycles, scooters, pedestrians, and cyclists ahead. If there's a risk of collision, the car is designed to first alert the driver. If necessary, it can brake automatically or even apply slight steering assistance to enhance an already initiated manoeuvre by the driver

Oncoming Lane Mitigation: helps the driver to avoid collisions with vehicles coming in the opposite direction by automatically adjusting the steering (active between 60 and 140 km/h) & Oncoming Mitigation by Braking: automatic braking system attenuating the impact of a head-on collision

Vehicle, Cyclist and Pedestrian Detection: thanks to the radar and camera platform, the car can detect moving as well as stationary cars, trucks and buses, but also motorcycles, scooters, pedestrians and cyclists

Pedestrian, Cyclist and Scooter Steering Avoidance: on a rural road without pavement and with clearly visible road marks, when you catch up a cyclist, pedestrian or a scooter travelling in the same direction as you but haven't spotted it immediately, this new function can help you avoid a collision. If the car senses a collision is likely to happen, it can actively take over the steering and steer away as long as you don't cross the lane markings. After having passed the road user with a sufficient safety distance, the car regains its position on the road

Lane Keeping Aid: helps the driver to stay in lane (active from 65 km/h), including Run-off Road Mitigation: helps prevent the vehicle from running off the road, with steering aid and braking intervention (active between 60 and 140 km/h)

### SAFETY

Stability and traction control: Electronic Stability Control (ESC) including Active Yaw Control, Advanced Stability Control, Trailer Stability Assist (only with the tow bar) and Hill Descent Control | Traction Control (TC) including Corner Traction Control with Torque Vectoring | Spin Control

Automatic braking after a collision

Tyre Pressure Monitoring System (TPMS)

Ultra-resistant structure of vehicle interior and roof

Collapsible steering column

Automatic unlocking after a collision

Height-adjustable seat belts in front and with pre-tensioners and load limiters front and rear

Front airbags including a far side airbag mounted inside the driver seat, SIPS® side airbags and inflatable curtains

Front passenger airbag cut-off switch

WHIPS® (Whiplash Injury Protection System): provides protection against injuries due to whiplash thanks to specific energy-absorbing backrests and seats and head restraints integrated into the front seats

Emergency brake lights

Rear doors manual child safety lock

Isofix anchorages for the outer positions of the rear seat

Acoustic Vehicle Alerting System (AVAS) at low speed

---

---

## STANDARD EQUIPMENT CORE

---

---

### DRIVER ASSISTANCE

Adaptive Cruise Control that can support you up to 150km/h, including:

- Cruise Control: when no vehicle is in front of the vehicle, it can control the vehicle to the set speed
- Follow Cruise: follow the vehicle in front with a certain distance according to the time gap you set
- Overtake Assist: when you engage the turn indicator and control the vehicle to go into the overtaking lane, it will accelerate to the set speed if no vehicle is in front of you
- Stop & Go: decelerates to a standstill if the vehicle in front stops and then automatically drives off and resumes speed to follow the vehicle in front
- Intelligent Speed Assist: set automatically the Road limitation speed (detected by the RS) as the setting speed when driving on a road where the speed limit is decreasing

Road Sign Information (RSI): display of road sign information with excess speed warning utilizing the front camera and map-based information

Automatic Speed Limiter: when Pilot Assist or Adaptive Cruise Control is activated, it can adjust your speed according to the current road speed limits

Driver Alert System: detects and warns of tiredness (from 30 km/h) thanks to a camera behind the steering wheel that tracks eye and face movements

### PERSONAL SAFETY AND CONVENIENCE

Volvo Guard alarm with movement and inclination sensor

Interior lighting including:

- Front doorpanel insert light
- Tunnel light in the open storage between the console armrest and lower instrument panel
- Front and rear cabin and reading lights in the roof
- Luggage compartment light left side

One Pedal Drive: possibility to use only one pedal to accelerate or brake. Just by lifting the pedal the driver can, on a short distance, slow the car all the way to standstill not having to use the brake pedal. This function is active when the engine is started and can easily be deactivated via a button on the steering wheel

Electric parking brake with Auto Hold (automatic brake at a standstill) and Hill Start Assist (assistance to start on a hill or slope) functions

Two Key Cards (NFC technology) to (un)lock or start the car

Tyre repair kit in the front load compartment

### CLIMATE CONTROL

Single-zone electronic automatic climate control with CN95 pollen filter which reduces up to 98% of all the particles larger than 1 mikrometer in size. Air vents in the dashboard and under the front seats for the rear passengers

Interior climate preconditioning (cabin cooling or heating), including electrical heating of the front seats and the steering wheel (if present)

Rain sensor

### INTERIOR

Upholstery made from partly biosourced Charcoal Nordico and Indigo textile in 100% recycled polyester

Denim inlays in the dashboard and the doors

Comfort manually six-way adjustable driver seat that features length fore-aft, height and recline adjustments

Comfort manually four-way adjustable front passenger seat that features length fore-aft and recline adjustments

Central console with:

- armrest between the front seats
- sliding unit between the front seats that serves as a cupholder as well as storage box for a smartphone
- open storage area on the floor
- storage for up to two phones in the front edge of the central multi-storage below the centre display
- centrally positioned glove box for smaller items below the centre display

Three-spoke sport black steering wheel with a flat top and bottom. Leather-free and wrapped in a synthetic material with a luxurious touch

Interior rear-view mirror with manual dimming

Front and rear premium black textile floor mats

Rear seats without central armrest. Folding back in two parts (60/40)

---

---

## STANDARD EQUIPMENT CORE

---

---

### VERSATILITY

Very spacious storage in the front door pockets

Removable rear storage box underneath the back of the armrest

Map storage pocket behind the front seats (not with Indigo-interior)

Front load compartment under the hood

Flexible load floor that can be placed in normal flat level or low level. The normal level creates a flat load floor when the rear seats are folded

Rigid, detachable luggage cover

4 load retainer eyelets and 2 shopping bag hooks in luggage compartment

12V power outlet in the luggage compartment

### MULTIMEDIA & CONNECTIVITY

12,3" central touchscreen divided into different parts with the highest part showing the most important driver information

2 front USB-C outlets

Infotainment system with Digital Services

- Google Maps: always up-to-date navigation and public charging stations locator

- Google Assistant: voice assistant via "Hey Google" to control certain car functions, navigation, your smartphone, media, search for online information or control certain connected devices

- Google Play Store: entertainment with access to a wide range of existing and coming in-car apps such as Spotify®, Waze®, Amazon Prime Video® and YouTube®

- remote functions via the Volvo EX30 app on your smartphone

- 5G capabilities for the above services

4-year data subscription for use of the Google Play Store and downloaded apps (except Google Maps and Google Assistant)

Volvo Cars services for roadside assistance via Volvo Assistance | Four-year subscription included

E-Call function and SOS assistance service for emergencies

Wireless smartphone integration (Apple CarPlay®) | Access to third developers apps such as Spotify®, Waze, Google Maps® and WhatsApp®

OTA: Over The Air updates for the car

High Performance audio system with 5 speakers and 100W 4 channel amplifier

- 2 soft dome tweeters and 2 midrange integrated in a soundbar under the windscreen

- 1 air ventilated woofer under the windscreen

DAB+ (Digital Audio Broadcasting)

---

---

## STANDARD EQUIPMENT CORE

---

---

### EXTERIOR

---

Advanced chassis designed to give a comfortable and premium driving experience

---

Body-coloured closed front design that creates a bold EV look. With Volvo emblem located directly on the front cover

---

Nicely integrated air inlets at the outer ends of the bumper for improved aerodynamics

---

The lower body trim, bumper spoiler and lower door mouldings are in charcoal plastic with a grooved pattern

---

18" 5-aerospoke Silver rims

---

225/55 R18 summer tyres

---

LED headlights with integrated T-shaped LED daytime running lights, manual level adjustment and Active High Beam

---

LED rear lights inclusive fog lights

---

Headlights and rear lamps can provide a welcome or farewell light sequence

---

Power retractable and heated frameless exterior mirrors, with integrated LED indicator

---

Rear-view mirror caps and rear aerodynamic spoiler in body colour

---

Black trim on lower part of side windows

---

NFC reader between the front and rear doors at the driver side

---

EX30 emblem in relief on the rear roof pillar

---

Rear Park Assist Camera and Park Assist

---

Preparation for mounting tow bar as accessory

### RECHARGE

---

Charging port located in the left rear wing

---

32 A charging cable, Mode 3, with Mennekes socket (for charging point), 6 metres

---

11 kW onboard charger (AC-DC converter)

---

Heat pump (with Extended Range and Twin Motor Performance versions)

---

---

## TRIM LEVELS

---

### PLUS

Includes the EX30 Core equipment supplemented by the specific Plus equipment

---

Upholstery made from partly biosourced Charcoal Nordico and Indigo textile in 100% recycled polyester. With Moss Yellow, optional Pine-interior is compulsory
Two-zone electronic automatic climate control system. Includes also the Air Quality System (AQS) to improve air quality inside the vehicle and an automatic air recirculation function. The driver and front passenger can also easily monitor in the centre display the levels of health-impairing fine particulate matters (PM 2.5) in the cabin
Ambient illumination with indirect illumination on the instrument panel decors. This interior illumination is colour-coordinated with the unique colour theme of each interior design. Also possible to choose between five designed ambience themes
Central storage area on the floor between the front seats that can be closed so that a handbag can be placed on it
Smartphone pouch in the map storage pocket behind the front seats (not with Indigo-interior)
2 extra USB-C outlets behind the armrest
Wireless charging for smartphone in the front storage compartment underneath the glove box (electromagnetic induction technology)
1 remote control
Keyless Entry: passive (un)locking
Power operated tailgate
Inner rear-view mirror with automatic dimming
Exterior mirrors with automatic dimming at driver side
LED entry lighting integrated in the exterior rear view mirrors
Onyx Black roof and mirror caps
Aerodynamic spoiler at the rear in Onyx Black
19" 5-aerospoke Black/Diamond Cut (with Extended Range and Twin Motor Performance versions)
245/45 R19 summer tyres (with Extended Range and Twin Motor Performance versions)
Pilot Assist that can be activated up to 130 km/h and can include the following functions: - look for lane markings and provide gentle steer assist to help keep the car centred in its lane - Lane Change Assist: between 65 km/h and 130 km/h, when you activate your turn indicator, you just have to hold the steering wheel and the car can automatically change lane - Distance to Truck Assist: between 50 and 130 km/h, when you overtake a truck, this function can steer your car automatically and utilise available space in the current lane to increase the side distance to the truck. The offset range is about 20 cm towards the centreline. After passing, the car can return to the centre of the lane. If there are trucks on both sides of the car, this function can also help steer the car to a centred position between the trucks
Rear and Front Park Assist
Harman Kardon audio system with 9 speakers and 1,040 W 9 channel amplifier - 1 mid-tweeter, 2 soft dome tweeters and 2 midrange integrated in a soundbar under the windscreen - 2 full-range in the rear doors - 1 air ventilated woofer under the windscreen - 1 air ventilated subwoofer in the luggage compartment

---

### ULTRA

Includes the EX30 Plus equipment supplemented by the specific Ultra equipment

---

Upholstery made from partly biosourced Charcoal Nordico and Indigo textile in 100% recycled polyester. With Moss Yellow, optional Mist-interior is compulsory
Power-operated driver seat with memory function (12-way adjustments including length fore-aft, height, tilt, recline and four-way lumbar support adjustments)
Power-operated front passenger seat (eight-way power adjustments of the length fore-aft, height, recline and tilt)
Exterior mirrors with memory function
22 kW onboard charger (AC-DC converter)
360° Park Assist Camera with 3D view: - 1 front camera in the Volvo emblem (almost 180° view) - 1 rear camera in the Volvo emblem (almost 180° view) - 2 side cameras in the door mirrors - 2 side sensors on each side of the car - Split screen available with 360° birds-eye view, rear or front camera view and 3D view
Park Pilot Assist: detects free parking slots on both sides of the car and - under the driver's supervision - parks itself automatically. If the system detects different free parking slots, the driver has to pick one of the selected slots shown on the central display. The Park Pilot Assist can simplify all the most common parking scenarios and can look for free parking slots up to 22 km/h
Fixed panoramic sunroof with IR coating that minimises glare and gives effective UV protection

---

## EXTENDED SERVICES

### VOLVO CAR EXTENDED WARRANTY

Drive with **peace of mind**

When you buy a Volvo, you are choosing top quality, safety and reliability. Not only because you are buying a quality vehicle, but also because your Volvo dealer offers you the best service.

An extension of the factory guarantee protects you against high costs in the event of unexpected defects. Thanks to the very comprehensive coverage, you can drive your Volvo for an additional 2 years without any worries when your Volvo manufacturer's warranty expires after 3 years.

Volvo Car Extended Warranty protects you against unforeseen repair costs, even after the Volvo manufacturer's warranty has expired.

#### GUARANTEED LIQUIDITY IN CASE OF REPAIRS

And extensive repair costs reimbursement outside the manufacturer's warranty

#### VALID ANYWHERE IN EUROPE

The extended warranty can also be transferred to the next owner

#### USE OF GENUINE VOLVO PARTS

And repaired by Volvo-trained personnel: your Volvo remains in optimal condition

## VOLVO CARE OFFER FOR VOLVO FULLY ELECTRIC

The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' is included\* with the purchase of any new, all-electric Volvo. This page describes the services and parts included in the maintenance and service programme for these vehicles.

The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' is valid for a period of **5 years from the date of delivery or 150.000 km** (whichever comes first). The vehicle owner can have the periodic maintenance of his/her Volvo Fully Electric carried out at the prescribed service intervals in any authorised Volvo workshop in Belgium or the Grand Duchy of Luxembourg.

Our in-house trained Volvo technicians maintain the vehicle and keep it in top condition. They also carry out a health check and verify whether the vehicle is equipped with the latest software.

The detailed terms and conditions applicable to this Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric', including restrictions, will be handed over to the first owner of the vehicle by the Volvo retailer who delivers the vehicle. These will remain valid for the stated duration and mileage, even if there has been a change in ownership.

The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' applies to the vehicle specified on page 3 in this price list, and for a period of **5 years from the date of delivery or 150.000 km** (whichever comes first). The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' covers periodic maintenance services, every 24 months or every 30.000 km (whichever comes first), and includes replacement of the wear and tear parts listed below.

- Volvo Car Genuine Service at scheduled service intervals
  - health check
  - air filter replacement
  - tyre sealant replacement in accordance with the prescribed interval
  - cleaning of the sensors and cameras for the safety systems under the windscreen
  - software updates
- **Includes** replacement of the following wear and tear parts: brake pads and discs (when required) and windscreen wiper blades (1x per year).
  - **Excludes** replacement of wear and tear parts not explicitly mentioned above.

\* Volvo vehicles with specific service programmes (such as taxis, police vehicles or vehicles with other specific purposes) are not eligible for the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' described above.

The 'Volvo Car Genuine Service' maintenance programme may be amended by Volvo Cars, provided that such amendment will not affect the application of the Volvo Cars warranty or affect the vehicle owner's rights under the Volvo Care Offer.

The inclusion of wear and tear parts in the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' does not affect the reference to 'wear and tear' in the Service and Warranty Booklet.

The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' is subject to the terms and conditions regarding service and maintenance. Should you have any questions about this, please do not hesitate to contact our Volvo retailers.

### VOLVO CARE OFFER GENERAL TERMS AND CONDITIONS 'SERVICE & MAINTENANCE FOR VOLVO FULLY ELECTRIC'

#### 1. Application of the conditions

These Volvo Care Offer terms and conditions 'Service & Maintenance for Volvo Fully Electric' apply to new, all-electric Volvo vehicles. These terms and conditions form part of the purchase contract for the vehicle. Regardless of whether the vehicle is purchased from a Volvo Car Corporation entity or from a Volvo retailer, the Volvo National Sales Company or Volvo's importer in the country of first purchase is responsible for this service programme.

#### 2. Validity of the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric'

- a) The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' is valid for a defined limited period of time, as previously stated and includes, where applicable, defined wear and tear parts of the vehicle, as previously specified. Any work carried out that is not covered by the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' will remain the responsibility of the customer. When all required work has been carried out or when the limited validity period has expired, the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' will end. The maintenance programme will also be considered terminated if maintenance should have been carried out in accordance with the prescribed maintenance intervals (as stated in the owner's manual and the Service and Warranty Booklet for the vehicle) but the vehicle has not been presented to an authorised Volvo workshop to carry out the Volvo Car Genuine Service.
- b) The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' is linked to the market in which it was originally sold. The periodic maintenance of the vehicle according to the prescribed service intervals can only be carried out in the authorised Volvo workshops within that market.
- c) Volvo Cars has the right to terminate the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' with immediate effect should the conditions of Volvo Cars' operations in the relevant market change significantly due to circumstances outside of Volvo Cars' control and should these circumstances make it very difficult for Volvo Cars to carry out the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric'. Both parties have the right to terminate the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' with immediate effect should the other party be in serious or repeated breach of its obligations under these terms and conditions.

#### 3. Owner obligations

Periodic maintenance of the vehicle must be carried out according to Volvo Cars' recommendations. Volvo Car Genuine Service in accordance with the prescribed

service intervals, depends on time and annual mileage and may occur at different time intervals. The validity of the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' further requires that the vehicle owner:

- Drives, maintains and manages the vehicle in accordance with the instructions in the vehicle owner's manual (extended version can be found at [volvocars.com](http://volvocars.com)) and in the Service and Warranty Booklet (included in the vehicle documents).
- Conducts routine checks of the fluid levels in the vehicle between recommended service intervals and, if necessary, fills up at its own expense.
- Delivers the vehicle, at its own expense, to an authorised Volvo workshop for maintenance in accordance with the service intervals specified in the owner's manual and the vehicle Service and Warranty Booklet.

#### 4. Transfer of the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric'

If the vehicle is sold or otherwise transferred to a new owner, the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' follows the vehicle. All remaining services in the maintenance programme can then be used by the new owner in accordance with these terms and conditions.

#### 5. Disclaimer

This maintenance programme Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' does not include any obligation on the part of any Volvo retailer or Volvo Cars to reimburse the vehicle owner in any way for costs, loss of income, loss of time or any other damage caused by the vehicle being temporarily handed over to the workshop for maintenance, or by the vehicle not being able to be used during the period in which it has been handed over to the workshop for scheduled maintenance. Nothing in these terms and conditions shall exclude, limit or modify any warranty, guarantee, term or condition, right or remedy implied or imposed by applicable law which cannot be legally excluded or limited.

#### 6. Applicable Laws and Disputes

In the event of any dispute concerning the interpretation or application of the Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric', the parties shall seek to resolve this by mutual agreement. The Volvo Care Offer 'Service & Maintenance for Volvo Fully Electric' shall be governed by the laws of the country of first purchase of the vehicle and in the event of any dispute the competent national courts shall have jurisdiction.

Some of the information in this brochure may be incorrect due to changes to the product specifications introduced after the brochure was published, such as consumption figures. Volvo Car Belux reserves the right to make changes to the prices, colours, materials, specifications and models at any time without prior notice. The images shown are for information purposes only and may differ from the actual product. Certain equipment, options or accessories described or shown are available at an additional cost. All list prices in this brochure are recommended resale prices. VAT applicable is 21% for Belgium and 16% for the Grand Duchy of Luxembourg. Ask your Volvo distributor for the latest information before ordering.

The prices for accessories always include fitting (unless otherwise specified) and (where applicable) Recupel (for Belgium) or Ecotrel (for the Grand Duchy of Luxembourg). Recommended prices for wheel kits (composed of 4 complete wheels with rims and tyres) always include environmental contribution (Recytyre for Belgium), but without fitting and software update (if needed).

A 4-year data subscription for the use of the Google Play Store and the downloaded apps (except Google Maps and Google Assistant) is included in the retail price of the car. After that period, a paid prolongment or renewal will be suggested.

Environmental information [Royal Decree 19/03/2004]: all self-respecting Volvo drivers put safety first.
